

MUNICIPAL CENTER OPEN FOR BUSINESS

The Township Municipal Center is open for business after a nearly three-month closure.

That includes the return of normal Customer Service options like trash bag stickers, in-person Board of Supervisors and Planning Advisory Commission meetings and other Township offerings. The building is open from 7:30 a.m. to 5 p.m. Monday, Wednesday and Friday; 7:30 a.m. to 7:30 p.m. Tuesday and Thursday; and from 10 a.m. to 1 p.m. Saturday. The Library will follow similar hours and closed on Sunday.

The Township Police Department will be open from 8 a.m. to 8 p.m. Monday-Friday, with fingerprinting taking place from 4-8 p.m. on Tuesdays.

The Senior Center remains closed, with an anticipated opening expected this fall.

Walkers are able to use facilities for exercise, and tables throughout the building are available for use. However, masks should be worn while inside the building for any reason.

WATER QUALITY REPORT AVAILABLE

The Township's water is of the highest quality, and we have the data to prove it.

Cranberry's annual water quality report for 2019 is available now. It breaks down the quality, as well as the projects that have been completed to keep that quality high.

Read it online at CranberryTownship.org/WaterQualityReport or stop by the Customer Service desk in the Municipal Center to pick up the print version.

Those important pieces of the community puzzle rely on the Census for federal funding. That makes the 2020 Census the most important in Cranberry Township's history. The future of schools, infrastructure and

public safety depend upon an accurate count, with a push underway to have every resident respond to the Census prompt.
